

**NEW
for
2019!**

Niagara Wine Lovers Experience

Born on the lush banks of *Lake Ontario*, the *Niagara* Region is now the largest wine district in *Canada*. Carved by the last glacial age, *Niagara* is comprised of an intricate array of landforms and micro-climates, ideal for producing fruit. As a cultural mosaic, immigrants have brought their cultures, languages and traditions to make *Canada* a unique society like no other.

Europeans, most notably *French*, *Germans* and *Italians* were the first people to discover that *Niagara* was an ideal environment to grow grapes and produce wines. With a district of over 75 wineries, *Niagara* Wines are emerging as world class products, especially the coveted ice wine. Harvested at -8 Celsius, ice wine grapes produce a unique, robust flavor, only available in climates with cold winters. Other types of popular wine include *Riesling*, *Cabernet Franc* and *Baco Noir*, a legacy of our *European* heritage. With the emerging blend of cultures from every corner of the globe, *Theatre Vacations* is pleased to offer authentic **Thai, Chinese and Japanese culinary experiences as part of our Wine Lovers Experience in 2019**. For those who prefer *European* inspired fare, we are delighted to work with some of the finest restaurants in the area.

Theatre Vacations is pleased to offer you the *Niagara Wine Lovers Experience*. *Niagara-on-the-Lake*, the first capital of English Speaking *Canada* is a unique blend of *European* and *Canadian* culture as are the wines. Stroll through the former *British* town of *Niagara-on-the-Lake* lined with colonial homes and Victorian gardens from a bygone era.

Discover the delights of the *Niagara* Wine District in style with *Theatre Vacations*.
